TLADS

Categorize each of the variables in the ESS dataset as categorical or continuous, and if continuous as ordinal, interval, or ratio variables. Check your work with your mentor, and discuss what that information might imply for feature engineering with this data.

cntry: categorical

idno: categorical

year: continuous, interval

tvtot: continuous, ratio

ppltrstL: continuous, ordinal

pplfairL : continuous, ordinal

pplhlp: continuous, ordinal

happy: continuous, ordinal

sclmeet: continuous: ordinal

sclact: continuous, ordinal

gndr: categorical

agea: continuous, ratio

partner: categorical
